PROFILE

React Native Developer with hands-on experience building cross-platform mobile apps using JavaScript, TypeScript, and Expo. Skilled in integrating Stripe, Square, Firebase, and REST APIs. Developed production-grade apps for job management, employee scheduling, dental clinics, and salon systems. Strong grasp of Redux, social login, push notifications, and app deployment.

EDUCATION

- Master of Computer Applications** 2024 - 2026
Veer Narmad South Gujarat University, Surat
- Bachelor of Computer Applications** 2020- 2023
Shri Shambhubhai V. Patel College of Computer Science & Business Management, Surat

WORK EXPERIENCE

- Omniminds Consulting** JUL 2024 - AUG 2024
React Native Developer
 - Worked as a freelance developer on a **Salon Management System** consisting of three distinct apps for Customer, Professional, and Owner roles.
 - Implemented key features such as salon registration, professional onboarding, customer service booking, and real-time appointment scheduling.
 - Collaborated with backend developers to integrate RESTful APIs, ensuring seamless data flow and application functionality.
- Tagline Infotech LLP** NOV 2022 - MAY 2024
React Native Developer
 - Worked on the development of multiple cross-platform mobile apps using **React Native, TypeScript, and Expo**.
 - Integrated **Stripe** and **Square** for payment processing and **Firebase Cloud Functions** for backend automation.
 - Developed an **Employee Schedule Management App** that allowed managers to assign shifts at various locations and employees to join shifts as per availability.
 - Built a **Job Management App** enabling clients to post technical issues and technicians to apply based on skills.
 - Created a **Dental App** connecting patients and doctors via QR codes. Allowed patients to view scanned teeth images and doctor reports. Multiple versions were deployed using **Expo EAS**.
 - Participated in app deployment and post-launch support cycles.
